Career Objective

As a versatile UI/UX, Brand, and Graphics Designer, I bring a blend of creativity and strategic insight to every project. With a focus on user-centric design principles, I specialize in crafting immersive digital experiences that resonate with audiences. My expertise extends to developing cohesive brand identities, intuitive interfaces, and captivating graphics that drive engagement. Collaborative by nature, I thrive in cross-disciplinary teams, leveraging my skills to deliver exceptional results. Committed to staying updated on the latest trends and technologies, I ensure that my designs are always innovative and impactful. With a proven track record of success, I am ready to contribute my skills and passion for design to your team, driving positive outcomes for your organization.

Work Experience

Techminte

OCT/2024 - Present

UI/UX Designer

- Design user-centered interfaces for web and mobile applications, ensuring consistency and seamless user experience.
- Develop wireframes, prototypes, and user flows based on research and usability testing.
- Collaborate with developers and project managers to implement innovative design solutions.
- Utilize tools like Figma and Adobe XD to create high-fidelity designs and interactive prototypes.

IdealSwift Technologies Limited

MAY/2022 - JAN/2025

Product Designer

- Designed and developed a mobile application to revolutionize appointment scheduling for salons and their customers.
- Focused on solving time management issues for both parties, eliminating customer wait times and queues.
- Streamlined the booking process, allowing customers to:
 - Browse available appointment slots based on their preferred date and time.
 - View staff profiles and choose a stylist based on their availability.
- Implemented functionalities for salons to:
 - Track appointments and manage their schedule efficiently.
 - Enhance customer experience and satisfaction through efficient time management.
- Increased customer satisfaction by reducing wait times and simplifying the booking process.
- Improved salon efficiency by optimizing appointment scheduling and staff utilization.
- Collaborating with product managers, developers, and other stakeholders to understand project requirements and develop user-centered design solutions.
- Maintaining design consistency and standards across all digital platforms.

SirYoung Technologies

NOV/2023 - MAY 2025

Brand Designer/Strategist

- Graphics Design:
 - Provided comprehensive design and strategic direction for Siryoung Exchange, a cryptocurrency and gift card exchange business.
 - Designed compelling visuals for their crypto and gift card exchange platform, enhancing user experience.
- Brand Strategy:
 - Developed a brand identity that resonates with their target audience's stories.
 - Coined the brand tagline, emphasizing their empathetic approach to financial, technological, and everyday challenges.
 - Defined brand elements like logos, fonts, color, and created promotional materials (business cards, shirts, Wristbands, Stickers, etc.) to maintain brand consistency.
- Brand Positioning:
 - Collaborated with the social media manager and CEO to understand the audience and position the brand strategically.
 - Ensured all brand elements effectively communicated the brand message and resonated with their target audience.
- Impact:
 - Developed a strong brand identity that fosters trust and connection with the brand's audience.
 - Increased brand awareness and customer engagement through strategic brand placement.

Taiwo Salam & Co Properties Ltd

DEC/2023 - NOV/2024

Lead Product Designer

- Streamlined tenant experience: Developed a mobile app for tenants to easily access property details, pay rent securely, and submit maintenance requests directly from their phones.
- Empowered property managers & developers: Designed and implemented a web application that simplifies property listings, tenant management, and financial tracking.
- Championed user-centric design: Collaborated with stakeholders and conducted user research to ensure the product met both user needs and business goals.
- Intuitive across platforms: Built user-friendly interfaces for both mobile and web applications, prioritizing a seamless user experience.
- Strong brand identity: Contributed to creating brand guidelines and visual assets, fostering a consistent brand image across all digital touchpoints.
